

*Delivering high quality education, training  
and research in deaf education and audiology*

## Climb the career development ladder with our range of courses

Mary Hare offers a wide range of courses and training opportunities for anyone working in the field of deaf education or audiology, founded on more than 100 years of experience of working with profoundly deaf young people.

All our audiology courses are aimed to support all those currently employed within the audiology sector and who wish to further develop their clinical and practical skills. Practical skills training is provided according to current BSA/BAA best practice guidelines.
