**Family Friendly and
Multi-agency Working**
15 credits

**Early Audiological
Management**
30 credits

Climb the career development ladder with our Postgraduate courses in Early Years and Educational Audiology

Each module can be taken as a stand-alone module requiring attendance at one residential weekend at Mary Hare School taught by respected and experienced practitioners in the fields of deaf education including Teachers of the Deaf, Audiologists and Speech and Language Therapists. Students receive regular individual support during study and work placements, with access to many research opportunities and practical workshops along with a comprehensive range of online resources.

Both the Educational Audiology and Early Years courses allow individual stand-alone modules to be taken as CPD. Gaining your Postgraduate qualification through one of the many Mary Hare Courses sets you apart and gives you the skills and capabilities for a successful career.

All courses have been revised and updated in conjunction with our stake-holders and are revalidated.

More detailed information about our courses can be found on our website at:
